#thinkfood

**Project title** – Food for Change

**Delivery organisation** – Cornwall Food Foundation

**Project contact** – Natasha Arnold | Natasha@fifteencornwall.co.uk | 01637 861000

We inspire and enable people in Cornwall through food to achieve meaningful change in their lives. We do this through training, employment and better life opportunities, adding real value to the local economy. We are known for managing the Fifteen Cornwall Apprentice Programme and Jamie Oliver's Fifteen Cornwall restaurant. In its first 10 years Fifteen Cornwall recruited over 180 apprentices. Training also includes hospitality skills training and higher level skills to progress people in the industry. At the heart of our approach is the integration of technical skill development with personal development. This applies equally in our community training programmes where we engage communities through food-related activities focussing on health, education and employment.

## Project summary

The Food for Change will build four locality-based Food for Change partnerships in Redruth, Truro, St Austell and Newquay. These will enable users of foodbanks and mental health and other social services to address barriers to active inclusion in the economy, also fostering new ways of working and effect lasting change in local community infrastructure as well as enabling 278 participants to progress into, or closer to, work.

### 4 food disciplines:

- Think Food: nutritional awareness, food budgeting, food provenance and sustainability
- Grow Food: horticulture skills; planting, cultivation and harvest; seasons and climate in Cornwall

**Project title** – Game Changer

**Delivery organisation** – Real Ideas Organisation

**Project contact** – Lenna Bithell | [lenna.bithell@realideas.org](mailto:lenna.bithell@realideas.org) | 0845 862 1288 | Devonport Guildhall, Ker St, Plymouth PL1 4EL

## Introduction to organisation

In 2007 a renegade unit was formed; they escaped from regular every day jobs and set up base across the south west of England. Ten years on, wanted by Government Departments, national funding bodies, the public sector, schools and corporate clients, they survive today as innovators, pioneers and social entrepreneurs.

If you have a calling, if no other employer feels right, and if you have what we're looking for, maybe you should join the RIO team...

As you might have guessed, at RIO we do business differently; we're not your usual bunch of weary co-workers dutifully shuffling paperwork and clockwatching till 5pm. We're an energetic, passionate and creative team; our hands are always getting dirty delivering real change for people and communities, and our collective fingers are in a broad range of pies – from education, regeneration and transforming public services, to supporting new business start-ups and even baking bread.

We deliver strategic contracts, we run our own projects and we use our skills and knowledge to help other folk do the same. The work is broad and varied, so you'll never get bored!

We firmly believe in using our powers for good and addressing social problems; finding solutions that are co-designed and co-produced by the people we work with.

## Project summary

Game Changer - a snapshot of what we want to achieve

Game Changer will transform the lives of 1035 young people living in challenging circumstances in Cornwall and the Isles of Scilly today. It will support them to overcome the complex challenges they face; understand their individual aptitudes and interests; develop skills and experiences; build connectivity and networks; resulting in at least 55% of them moving into work or long term learning.

Specifically, Game Changer will deliver four outcomes:

- Participants are better equipped to address their personal barriers to engagement.
- Participants report increased confidence and well-being.
- Participants report increased knowledge and confidence in their plans for future careers.
- Participants are ready to re-enter mainstream education, employment or apprenticeships

To do this, we are harnessing an extensive network of local businesses, voluntary and third sector providers, schools, NHS, housing associations, innovators and sector specialists who will work together to transform the lives of 1035 15 – 24 year olds. In addition, Game Changer will build innovative, on-going ways of working to sustain beyond BBO funding.

## **Game Changer – who will benefit and how will it work**

The process of growing up, becoming independent, developing resilience and reaching your potential is challenging for all young people. For those who struggle with drug or alcohol dependency, mental health issues, disability, experiences in the care sector or similar, complex circumstances, the journey is even more difficult.

Game Changer will work with:

15/16 year olds at the Acorn Academy, Cornwall and the Isles of Scilly's PRU, all of whom have been excluded from mainstream schools

Disengaged 15/16 year olds in Liskeard School plus two others, who are at risk of becoming NEET

- 16 – 18 year old care leavers, reached through Cornwall Neighbourhoods For Change
- 16 – 18 year olds who are home educated, reached through BF Adventure
- 16 – 18 year olds with mental health issues, reached through Pentreath Industries and referrals
- 18 – 24 year olds currently on Talent Match, who are long term unemployed and need additional support to move forward
- Unemployed or economically inactive 18 – 24 year olds referred by JCP, Devon & Cornwall Housing, PLUSS, Headstart, Careers South West
- 'Hidden' 18 – 24 year olds, who are unemployed or economically inactive, reached by Game Changer via peer networks, through social media and other personal contacts

34 young people, who have experienced a number of the challenges described above, have co-designed the Game Changer programme. Their insights have led to the Game Changer programme, which offers a powerful mix of:

- Personal support, through a Game Changer Navigator, a personal coach/mentor who will support and guide an individual's journey. In some cases, the Navigator will be an existing coach or mentor, or the young person will be assigned a Navigator when they join Game Changer.
- Individually tailored, challenge based learning opportunities for young people to better understand their interests, aptitudes and talents and develop new skills.
- Bespoke, individual and small group employment experiences including short, 'taster' opportunities; 5 – 10 day work challenges; and longer individual work placements. 60/70 companies, across 7 key growth sectors in Cornwall and the Isles of Scilly have already agreed to provide employment experiences, with the Chamber of Commerce providing links to many more companies, organisations and opportunities to respond to the needs of every individual young person.
- Specific programmes that respond to particularly complex individual situations, including those experienced by young people in the care system; those with significant mental health issues; and young people who are electively home educated.

**This project is funded by the Big Lottery until December 2019.**

## **Participant eligibility**

Young People aged 15 to 24 the in Cornwall & the IoS who are NEET or at risk of NEET

## **Referral routes**

It is expected that the majority of referrals will be via Talent Match Cornwall, Liskeard School, Acorn Academy, Pentreath, BF Adventures, CN4C, DCH, Headstart, PLUSS, JCP and will be fed directly into RIO via Kate Reed on [kate.reed@realideas.org](mailto:kate.reed@realideas.org)

**Project title** – Who Dares Works West Cornwall and the Isles of Scilly

**Delivery organisation** – Active Plus

**Project contact** – Carolyn Webster | [whodaresworks@activeplus.org.uk](mailto:whodaresworks@activeplus.org.uk) | 01872 300236 |

Active Plus is a Community Interest Company (CIC) that helps people fulfil their potential through courses and activities that motivate, inspire confidence and build life-skills, helping people to tap into their own capabilities. Unique to Active Plus is that this applies to both customers and tutors. Tutors are injured military veterans, being supported by Active Plus on their own personal journeys. They empathise, inspire and become role models for participants of all ages. Together, positive outcomes are achieved for all.

Active Plus has five “divisions” each focussing on a different target market. *Active Plus Your Future* supports young people to engage more effectively with school; *Active Plus Works* helps unemployed people back into work; *Active Plus Active Ageing* supports older people to build friendships and become active in their communities; *Active Plus Business* delivers specialist, motivational and development training for business leaders and their workforce. *Active Plus Wellbeing* focusses on emotional and physical wellbeing, condition management and positive mental health. Based in Cornwall at the Health and Wellbeing Innovation Centre, we deliver across 5 counties.

We were proud to be named FSB Worldpay UK Ethical Business of the Year 2016 and Best Third Sector Business at the 2016 Cornwall Business Awards and delighted to be selected to lead and manage Who Dares Works in West Cornwall and the Isles of Scilly. We are also involved as a delivery partner in other Building Better Opportunities projects in Cornwall, Devon, Dorset and Wiltshire.

### Project summary

Funded by the Big Lottery and the European Social Fund as part of the national Building Better Opportunities Programme, Who Dares Works in West Cornwall and the Isles of Scilly brings together a partnership of 17 Cornwall based social enterprises to help a minimum of 850 people who need most support to connect or reconnect with work, education and training. The partnership builds on the unique strengths of each organisation working collaboratively to help participants to help themselves – wherever possible through helping others.

**This is a Big Lottery, Building Better Opportunities project funded until December 2019.**

### Participant eligibility

Who Dares Works participants must be 18 or over, unemployed or economically inactive and not undertaking any kind of paid work at all. They must have the right to work in the UK.

### Referral routes

Participants will join through wide range of sources including self-referral, social landlords, adult social care, community organisations, NHS practitioners, Jobcentres, and project partners as well as through the work of our participant advocates. The majority of participants will join through a Who Dares Works course delivered by Active Plus with input from a range of project partners.

**Project title** – Widening Participation Through Skills

**Delivery organisation** – Plymouth University

**Project contact** – Victoria Martin | [vhmartin@plymouth.ac.uk](mailto:vhmartin@plymouth.ac.uk)  
| 01752 588936 |

**WIDENING  
PARTICIPATION  
WITH  
PLYMOUTH  
UNIVERSITY**

Plymouth is one of the largest universities in the country with around 27,000 students studying a variety of courses from fine art to physiotherapy, business to biology, and design to dentistry. Our roots go back more than 150 years to the School of Navigation, our modernity and students give us energy, direction and freedom to define our strategic priorities and values. We deliver high quality research-led and professionally-relevant teaching. A stimulating student experience ensures challenge, personal development, and employment success.

### Project summary

The Widening Participation through Skills Project aims to improve pathways from vocational programmes to higher education and to increase access for all to higher level skills training through innovative and flexible access routes which address barriers to participation. This project will particularly target those least likely to access HE including part-time employees, older workers and other disengaged and disadvantaged groups.

Project Targets: 1,806 participants undertaking an awareness raising activity, 603 participants gaining a level 3 or above or a unit of a level 3 and above qualification.

**This is an Open Call project until December 2018**

### Participant eligibility

- The focus of the project is working with employed or self-employed participants.
- By exception, a small proportion of participants can be unemployed or economically inactive, e.g. response to redundancy, higher level skills need.
- Without a relevant qualification at Level 4.
- There are no fixed prior attainment requirements.
- Activities must be delivered in Cornwall and the Isles of Scilly.
- Priority groups: employed females, participants aged 54 and over, participants from ethnic minorities, participants with disabilities & single adult household with dependent children.

### Referral routes

The majority of referrals will come via the delivery partners' outreach work in which they have established a strong track record of relationship development with relevant organisations and experience of targeting services directly to the heart of disadvantaged areas and working in collaboration with partner organisations.

[c.bailey@exeter.ac.uk](mailto:c.bailey@exeter.ac.uk) 01326 370412

The focus of delivery will be to target disadvantaged groups and communities to raise awareness of higher education opportunities by developing pathways and reducing/removing barriers to participation. We will do this through links between the partners to provide key sector based outcomes which impact upon an individual's ability to access HE.

The University of Exeter will achieve this through outreach activities, such as in-community learning, taster sessions and e-learning. These will be developed in relation to smart specialisations, emerging sectors and STEM disciplines, which will enable disadvantaged groups to improve their employability and access to high value jobs. Activities will be delivered across Cornwall and the Isles of Scilly with particular interventions aimed at the region's HE cold spots in particular St Austell/Clay Villages and mid-Cornwall. Interventions will also be targeted in Camborne, Pool and Redruth.

**Project title** – Work Routes

**Delivery organisation** – Reed in Partnership

**Project contact** – Ed Atter | Edward.atter@reed.co.uk | 07989 348303 |

### Project summary

Work Routes works with people across Cornwall and the Isles of Scilly to progress into long term, sustainable employment. Our team of advisers work closely and intensively with individuals to understand their needs and create an individual, holistic plan to tackle barriers to employment in all their forms. As part of the programme, individuals may choose to work with our Health & Wellbeing Advisers who can support with lifestyle advice, condition management tips and ensuring that people are accessing the appropriate services. Advisers will signpost their clients to a range of opportunities including training, work placements, digital literacy, housing support, money advice etc. Once individuals are ready to move into work we will support them with job search skills, interview preparation etc and submit them to exclusively sourced vacancies as well as publicly advertised roles. Once in work, we continue to offer support for up to 6 months.

**This project is funded until November 2018**

### Participant eligibility

In order to be eligible for Work Routes individuals must meet the following criteria:

- All individuals must be legally resident and have the right to take paid employment in the UK.
- Must be aged 16 or over, there is no upper limit.
- To be eligible for the provision, individuals must be **unemployed** or **inactive** (aged 16+) **AND** fall into one or more of the following categories:
  - Long term unemployed or inactive (26 weeks or longer)
  - Basic skills need
  - Have more than one barrier to employment. Barriers may include:
    - A lone parent;
    - An older worker (50+);
    - An ex offender;
    - Caring Responsibilities (including those returning to employment when caring responsibilities end);
    - Have physical disability or health condition, including Sensory Impairments;
    - Mental Health or Learning Disability
    - Drug/Alcohol dependency;
    - An ethnic minority;
    - Have low or no qualifications;
    - Language barrier (English not first language, etc).

## Referral routes

It is expected that referrals will come from a wide range of routes broken down into 3 key areas:

- Jobcentre Plus
- Other organisations (housing associations, community groups, training organisations, charities, CRC etc)

Direct engagement (advertising, jobs fairs etc)
